IT Orientation Guide

MedCertify

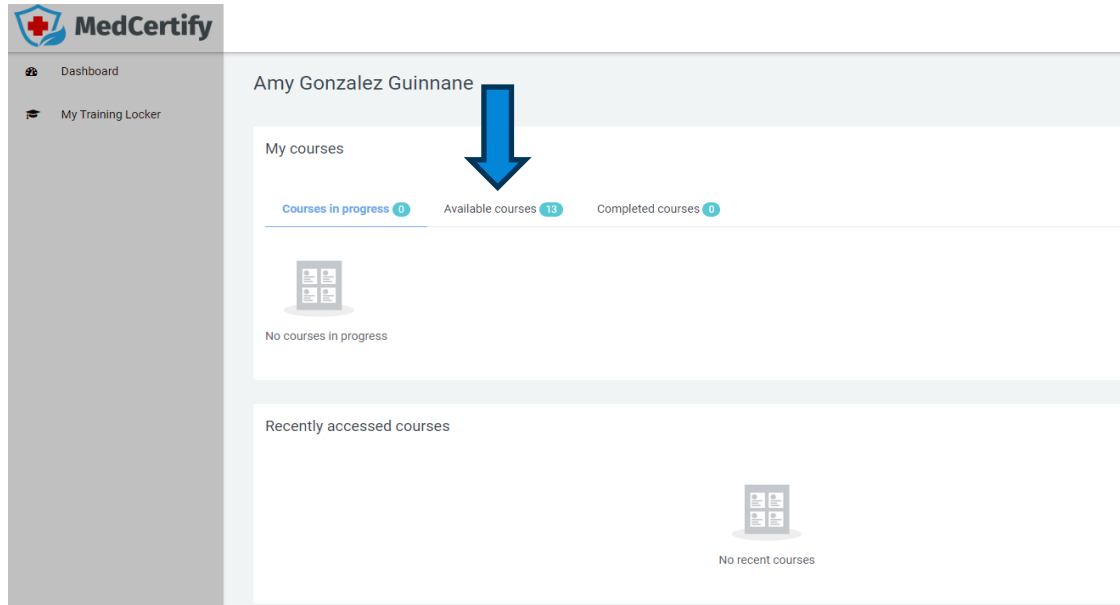

Train for Healthcare & IT Careers

This Guide Will Provide You With The Steps To:

1. Access Your Coursework
2. Complete your Labs
3. Access Career Development
4. Support & Contact Information

Accessing your Courses in the MedCertify Learning Management System (LMS)

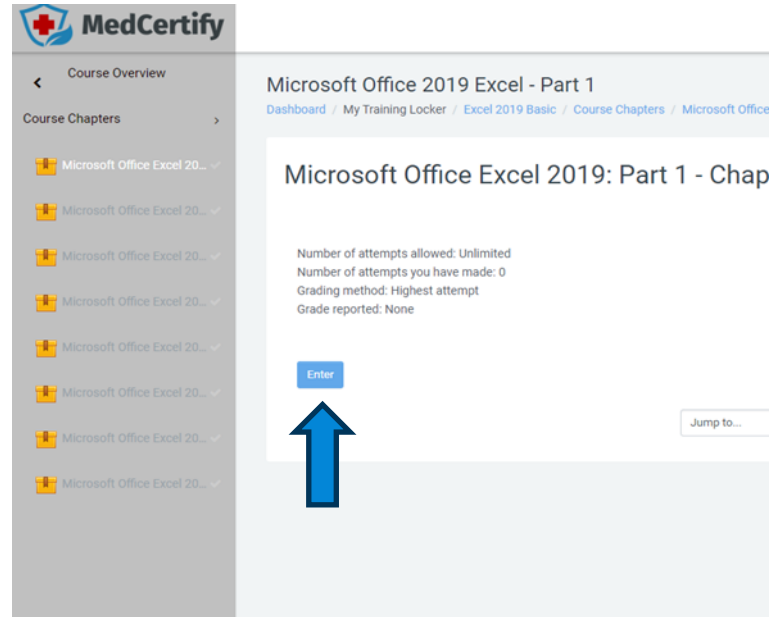

After successfully signing in, all courses will be available in the “Available Courses” tab. Once you have clicked on the course and accessed the material, the course will move to the “Courses In Progress” tab.

Accessing your Courses in the MedCertify Learning Management System (LMS)

The screenshot shows the MedCertify LMS interface. On the left is a sidebar with a 'MedCertify' logo and two menu items: 'Dashboard' and 'My Training Locker'. The main header area displays the user's name 'Amy Gonzalez Guinnane' and a profile icon. Below the header, the 'My courses' section features three tabs: 'Courses in progress' (2), 'Available courses' (11), and 'Completed courses' (0). The 'Available courses' tab is selected, showing a grid of course cards. Each card includes a thumbnail image, the course title, and the provider 'Microsoft Office 2019'. The courses listed are: 'Live Mentoring Support Medical', 'Excel - Part 1', 'Excel - Part 2', 'Excel - Part 3', 'Excel - Part 4', 'Outlook - Part 1', 'Outlook - Part 2', 'Outlook - Part 3', 'PowerPoint - Part 1', 'PowerPoint - Part 2', 'Word - Part 1', 'Word - Part 2', and 'Word - Part 3'.

You will have different courses you need to complete. This will include your IT programs, labs, and Career Development. Click on the course you would like to begin to access the program.

Accessing your Courses in the MedCertify Learning Management System (LMS)

Once you have selected the course material you work like to complete, click the “Enter” button to begin.

Accessing your Courses in the MedCertify Learning Management System (LMS)

The screenshot displays the MedCertify LMS interface. On the left is a sidebar with navigation links: 'Excel 2019 Basic', 'Grades', 'Course Chapters', 'Dashboard', and 'My Training Locker'. The main content area is titled 'Microsoft Office 2019 Excel - Part 1' and includes a breadcrumb trail: 'Dashboard / My Training Locker / Excel 2019 Basic'. Below the title, a box labeled 'Course Chapters' contains a list of eight chapters, each with a small icon and a checkmark to its right. The chapters are: 'Microsoft Office Excel 2019: Part 1 - Chapter 1 - Getting Started with Microsoft Office Excel 2019', 'Microsoft Office Excel 2019: Part 1 - Chapter 2 - Performing Calculations', 'Microsoft Office Excel 2019: Part 1 - Chapter 3 - Modifying a Worksheet', 'Microsoft Office Excel 2019: Part 1 - Chapter 4 - Formatting a Worksheet', 'Microsoft Office Excel 2019: Part 1 - Chapter 5 - Printing Workbooks', 'Microsoft Office Excel 2019: Part 1 - Chapter 6 - Managing Workbooks', 'Microsoft Office Excel 2019: Part 1 - Chapter 7 - Adding Borders and Colors to Worksheets', and 'Microsoft Office Excel 2019: Part 1 - Chapter 8 - Basic Excel Customization'. At the bottom of this list is a link for 'Certificate of Completion'. A large blue arrow points upwards towards the 'Certificate of Completion' link.

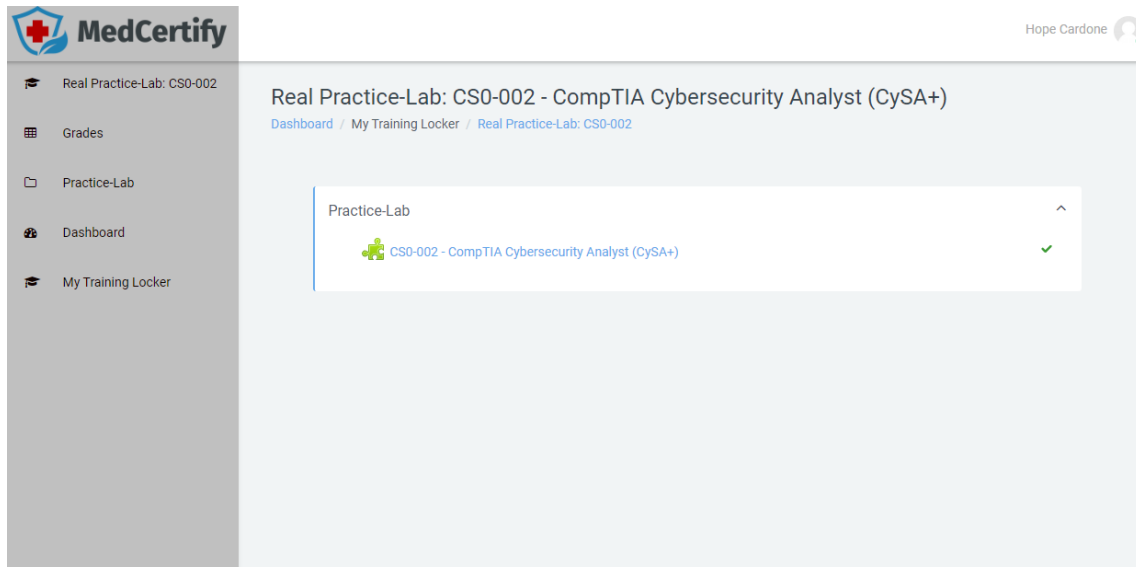

Complete each chapter in its entirety and take/pass the quizzes at the end with an 80% or higher. Once this is complete the checkmark corresponding to the chapter will turn green and you can move on to the next chapter.

Accessing Training Videos

Click on the “Resources” button to access the workbook for each chapter. The workbook is a PDF document that is designed to accompany each chapter. Once you are ready, push play and watch the videos in their entirety. Once you complete the videos, you can take the quiz.

Accessing Practice Labs

Once you click on your practice labs, click on the link next to the puzzle piece to access the labs.

Following your Course Syllabus

To ensure a solid foundation for your learning journey, it is essential to follow the sequence outlined in your course syllabus. Advancing too quickly or out of order may result in your coach guiding you back to the appropriate stage in the syllabus. This structured approach guarantees that each new skill and piece of knowledge builds upon the last, ensuring your success and mastery of the material.

Important Information

Must Complete:

- All videos and coursework from each chapter. This includes passing each chapter quiz with an 80% or higher. You CAN retake quizzes until you receive an 80% or higher.
- All Hands-on Practice Labs for each chapter
- Once everything is complete, MedCertify will issue and mail your Certificates of Complete to you.

Important Information

Exam Simulator Timeline:

- **Exam Simulator:** Available for 30 days after course completion
- **Certification Exam Registration:** Students are required to secure their certification exam date within 14 days of completing the exam simulator
- **Certification Exam:** Students are required to sit for the certification exam within 46 days of registration

We advise scheduling your certification exam promptly following your course and exam simulator completion. This strategy is aligned with best practices, showing that the immediate application of acquired knowledge significantly enhances exam outcomes.
